### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Page 1 of the Specification, between lines 1 and 2, --This application is a continuation of U. S. application No. 10/066,313, filed February 1, 2002, now U. S. Patent No. 6,722,468.—has been inserted.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: for claims 52 and 64, it is the inclusion of the anchor assembly attached to the top end of the vertical support having a vertical plate and a horizontal plate, the horizontal plate being attached to an upper edge of the top end and extending from and overhanging the upper edge toward the second end of the horizontal support. The prior art of record fails to teach or suggest the claimed feature absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
